PARIS CITY SCHOOL OPENS EXTENSION CENTER.

To-morrow (Saturday) morning, December 4, at 10 o'clock, at the Paris High School, there will be opened an extension center for the professional training of teachers.

The first course to be started will be a general survey course in English Literature. This course will be under the supervision and direction of the State University at Lexington, and will be taught by Prof. L. L. Dantzler, head of the English department of State University. This is open to all Bourbon county teachers, and will be welcome. The course carries with it full University credit and can be used toward a degree either at State University or State Normal School.

Other courses will be arranged to-morrow for all interested teachers. The Eastern State Normal will have general supervision over a course in mathematics, which will be started then. All teachers in Bourbon and adjoining counties are invited to call at the Paris High School some time during the day and find out about these extension centers. It is the plan of the Paris City Schools to promote a program of study this winter and spring that will offer interesting courses to all teachers, and help all the Paris city teachers and Bourbon county teachers to get ready for the professional requirements that the new State law demands.

FOOT SPECIALIST IN PARIS EVERY TUESDAY AND FRIDAY

Dr. J. W. Weber, the well-known foot specialist, has opened an office in the Windsor Hotel. Dr. Weber removes all troubles of the feet without the use of a knife. Dr. Weber is well-known in the State, and is highly praised by those whom he has treated. According to his recommendations he is one of the best authorities on bad feet. He will be at his office Tuesday and Friday at the Windsor Hotel, Paris, Ky. (nov16-1f-F)

BECAME WORKED UP OVER MOVIE STUNT

Uncas Howard, who recently came to Paris from Irvine, and opened a gunsmith and bicycle repairing shop, was placed under arrest at the Grand Opera House, Wednesday night, by Chief of Police Link and Patrolman Geo. Judy, and later taken to the Paris jail.

Howard, who occupied a front seat, became greatly worked up over the stunts being shown in a photoplay, "The Courage of Marge O'Doone," and created a disturbance by unseemly applause and verbal comments. He became incensed at a remark made by a boy in the vicinity and drew a revolver from his pocket, which he flourished. A near-panic ensued. Chief of Police Link, Patrolman Judy and Hill, who were in the house, went to the front, and took the offender in charge. On being searched, the revolver, unloaded, was found in his pocket. He was taken to jail, where a charge of disorderly conduct and carrying concealed and flourishing a deadly weapon, was placed against him.

MILK PRICES ADVANCE

The price of milk to the consumer has again been advanced by Bourbon county dairy owners and operators one cent on the pint, making the fluid now eighteen cents a quart. Consumers naturally contend this latest advance is uncalled for, as the price of corn and other feed is lower now than at any other period since the war.

BOURBON ORGANIZATION'S APPEAL NEAR EAST RELIEF

Organization of the Bourbon county Near East Relief has been completed with Mrs. Hiram S. Redmon as County Chairman. The county's quota for this campaign has been placed at \$2,100. The organization, as recently completed is as follows: County Chairman—Mrs. H. S. Redmon; Treasurer—Mr. Bernard Santen; Bourbon-Agricultural Bank; Community Chairman—Paris—Mrs. Walter Clark, Baptist church, Mrs. Jo Varden, Episcopal church, Mrs. J. Simms Wilson, Presbyterian church; Catholic church—Bernard Santen; North Middletown—Mrs. J. C. Bryan, Mrs. Mangus Rash, Mrs. Allie Smith Dickson; Little Rock—Mrs. Troupe Clark, Mrs. John Burris; Clintonville—Mrs. Richard Darnaby; Mrs. Varden Shipp; Riddles Mills—Mrs. Jack Cunligham; Jacksonville—Mrs. Richard Biddle.

Mrs. Emrich, one of our Near East Relief workers, who has spent ten years in Armenia, will visit our county Sunday, December 5, and will speak at the following places in the interest of the work: Little Rock, Sunday school 10:00 a. m.; North Middletown church, 11:00 a. m.; Paris, Christian church, 7:30 p. m. Everyone is invited to attend any one of these meetings that is most convenient to them.

Last year the cry came from Armenia for help for the multitudes of little children who were homeless, starving, ragged and freezing from the wind-swept desert. From Turkish bondage came the piteous cry that touched the heart of the civilized world and a ready response saved a nation's childhood.

This year the same Children of Sorrow stand before you; they are ragged, homeless and hungry but they are not hopeless. There is mile after mile of human misery and suffering to be relieved. There are now 110,639 children under American care. Fatherless and motherless these are the children of Armenians, Greeks, Syrians and Jews, made homeless and dependent by the atrocities of the Turks.

These children will have no place this year at a family table of their own on the great day we celebrate. As we plan this Christmas Day for our own children let us think for a moment what it would mean to them if some terrible fate deprived them of our love and left them desolate, and suffering from disease and cold. Five dollars a month will feed one child, ten dollars a month will feed and clothe one; fifteen dollars a month will feed, clothe and educate one of these children of sorrow.

The widow's mite is as much appreciated as the larger gift of the wealthy. Everybody must do his part, else the oldest Christian nation of the world will pan out existence for want of bread and we will be Christians in name only.

At this season of giving will you not let the claim of one of these children find place in your heart? His hungry eyes look at your well fed children and His longing hand reaches out to your Christmas tree.

Chairmen in every precinct in the county have been appointed for this campaign but if they fail to get your contribution by Christmas just mail your check to the County Treasurer, Mr. Bernard Santen, Bourbon-Agricultural Bank, Paris, Ky.

DRESSED TURKEYS AND HOME-MADE CAKES TO ORDER.

CONSTRUCTION WORK AT XALAPA STOPPED.

All work at the Xalapa Farm of Edward F. Simms, near Paris, has been suspended for the winter. During the past spring and summer, the Mason-Hanger Contracting Co., which has large contracts for construction work of various kinds on the place, has employed about 1,500 men, principally Mexicans, who were brought here from the Texas border. These men were unable to stand the rigor of the Kentucky winter, and were under contract to be returned to their Mexican homes before December. A large number of colored laborers on the farm have been released, which will help considerably to relieve the shortage of farm labor throughout the county. The cessation of work on the farm also throws out of employment a large number of men engaged in a clerical capacity, as truck drivers, and in various other lines of activity.

EXTENSIVE IMPROVEMENTS IN PARIS CEMETERY

In accordance with plans determined on at a recent meeting of the Board of Directors of the Paris Cemetery extensive improvements and changes will soon be under way in the grounds and buildings.

All the driveways are being resurfaced with permanent material. A large plot of ground adjacent to the cemetery is being subdivided into lots and added to the cemetery grounds proper. The Main street entrance to the grounds will be closed and fenced in. This has long been a contemplated move and will do away with a source of danger on account of the proximity of the interurban tracks and traffic on Main street. The property at the corner of Sixteenth and Cypress streets has been purchased and made into a residence for Superintendent Wm. Smith and family, who have already taken possession. The garden in the rear of the old house is to be converted into burial lots. The entrance to the grounds will be on the Cypress street end of the place, where a lodge and gates will be erected, and another entrance will be provided near the J. M. Thomas Mausoleum.

The present Board of Directors is composed of E. M. Renick, president; Wm. Myall, secretary; W. O. Hanton, N. Ford Brent and Jos. W. Davis.

The charter of the Paris Cemetery was granted by the State Legislature in 1847, and the cemetery was opened in 1849. Prior to that time a lot near Stoner avenue, close to the site of the Paris Ice Co's plant, was used as a cemetery, but after the opening of the new cemetery, the bodies were removed and reinterred there.

The original commissioners to whom the charter was granted were George W. Williams, Dr. L. C. Ray, William H. Shackelford, William C. Lyle, James M. Arnold, Harry C. Holt, Garrett Davis and John Hutchcraft.

XMAS TURKEYS!

We will commence receiving turkeys for the Xmas market on Monday, December 6th, and will pay highest market price for fat turkeys. THANKS FOR DONATIONS TO MASSIE HOSPITAL

The management of the Massie Memorial Hospital, the Superintendent and Matron, and all others who are connected with the active management of the institution, desire to extend their warmest thanks to the good people of Paris and Bourbon county, for their generous response to the appeals for donations to the Hospital fund. The good things that were sent in took up a considerable space, and comprise a variety of edibles, as well as substantial, all of which were most acceptable. There was no stint in the manner or the quality of the contributions, and the Hospital authorities are convinced our people do not need to be reminded of their generosity very often. There is yet room for more in the pantry. Contributions of funds for the institution will not be refused. Remember this in the midst of your happy times and give to the Massie Memorial Hospital all you can.

BUY THE CHRISTMAS SEALS

The sale of Christmas Seals will begin in Paris and the county this week. Seventy-five per cent of the receipts from the sales will be turned over to the Health and Welfare League, and will be used by Mrs. Minaker for the assistance and relief of those of our city and county, who are suffering with tuberculosis. The job is a tremendous one. Help to put it over by buying generously the attractive little seals for your Christmas cards and packages.

BOURBON FISCAL COURT

The Bourbon Fiscal Court met in session in the County Court room yesterday morning, with a full Board of Justices present, and County Judge Batterton presiding. The only business transacted was the allowing of a number of claims against the county, after which the Court adjourned.

BOURBON'S REPRESENTATIVE OPPOSED TO EXTRA SESSION

A majority of members of the Kentucky General Assembly favor a special session to provide funds for highway construction, according to a poll of two-score of them in every section of the State.

Out of forty members interviewed by Courier-Journal correspondents in leading cities and towns twenty-four believe that Governor Morrow should call a special session; nine oppose it, while seven either had not made up their minds or withheld their opinions. Of the twenty-four in favor of the road term, fifteen are Democrats and nine Republicans. Seven Democrats and two Republicans oppose it. Four Democrats and three Republicans expressed no opinion.

Mr. James H. Thompson, Bourbon county's Representative in the State Legislature, is opposed to the calling of a special session of the Legislature at the present time, as advocated by Lieutenant-Governor Ballard. Mr. Thompson says:

"Considers the condition of business generally, I think it would be unwise to have a special session of the Legislature at the present time. The people are already suffering from tax burdens. To increase these burdens unnecessarily while the people are suffering from the great reaction which is now taking place, would be a great injustice to the taxpayers. If we learned anything from the experiences of the war it was to concentrate our efforts to the production of necessities and to eliminate all but urgent work."

MEETING OF AMERICAN LEGION

The regular meeting of the Bourbon Post of the American Legion will be held at the court house Friday evening, December 3, at 7:30 p. m. This is a very important meeting. The annual election of officers will be held.

Mr. Wm. A. Robinson, a representative of the Bureau of War Risk Insurance, will be present, and desires to meet all the ex-service men of the county, especially those that have been disabled in the service, or by reason of their service. He wants to explain what the Government is trying to do to help them, what they are entitled to, and how to get it.

All ex-service men of the county are urged to be present, whether members of the American Legion or not.

NEWMAN ADDRESSES TOBACCO MEN AT MEETING.

About six hundred farmers and tobacco growers of Bourbon county attended a meeting held at the court house Saturday afternoon in the interest of the new Burley Tobacco Growers' Society. The meeting was addressed by former State Senator and Secretary of the Board of Agriculture J. W. Newman, who spoke at some length in the interest of the big tobacco meeting planned here for Monday, December 6, County Court day.

Mr. Newman said the farmer and tobacco grower must organize or lose his identity. He needs to place the business of growing tobacco on such a foundation that when the time comes to plow and plant he will know how much to plant, so as to keep down a surplus, and be assured that what he does grow will bring a satisfactory price. Every business under the sun, the speaker said, is organized except the farmer and tobacco grower, and until they get together their business will become unprofitable, and the land upon which they farm will become much less valuable than now.

PROMINENT LECTURER TO SPEAK HERE.

Mrs. R. S. Emrich, prominent lecturer, will make several speeches in Bourbon county, in the interest of the Near East Relief campaign. These speeches will be free to the public.

Mr. and Mrs. Emrich were sent to Mardin, Asia Minor, in 1905, by the National Board, to superintend educational work. In 1915 Mrs. Emrich returned to the United States, weakened by an attack of typhoid fever. She then became a worker for the Near East Relief fund, the United War Work Campaign, the Inter Church Work, and in 1918 went to France for the Y. W. C. A. Mrs. Emrich has three sons in the United States, and an adopted son in an English school in Jerusalem. He is a Syrian, and is the lone survivor of a massacred family.

COLVIN URGES SCHOOLS TO OBSERVE TRICENTENARY

In a communication to county school superintendents, Superintendent of Public Instruction George Colvin suggests that some day in week of December 20, be set apart to observe the events of the year 1920, which, he says, must be forever memorable in the annals of the world.

On July 20, 1920, the first American Legislative Assembly met at Jamestown, Va.; on November 11, 1920, the Mayflower compact was adopted; on December 20, 1920, the Pilgrim Fathers landed at Plymouth, Mass. As the year 1920 is the tricentenary of these three momentous events in the history of American Superintendent Colvin says: "It is altogether fitting that our public schools should celebrate in an appropriate way these events. He suggests that suitable programs consisting of readings, recitations, tableaux, the singing of patriotic airs and appropriate addresses be arranged in all the public schools.

"It is an especially opportune time to emphasize the nature and principles of the American system of self-government. It should result in a more genuine and more universal appreciation of American institutions and American ideals and in an increased devotion to the preservation of this priceless heritage. Let it be indelibly impressed upon the minds and the hearts of our youth, that the American government is based upon the dignity and worth of men—and man."

Let the teachers around Paris be of good cheer. A young man in Virginia who has been teaching for 15 years has just fallen heir to \$4,000.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. These little olive-colored tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel.

The pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel. Let Dr. Edwards' Olive Tablets take its place.

Headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." They "clear" clouded brain and "perk up" the spirits. 15c and 30c.

PEPTO-MANGAN WILL HELP FIGHT COLDS

Make Up Your Mind to Keep Free From Colds—Get Your Blood in Good Condition

START TAKING PEPTO-MANGAN

Now Is the Time to Build Up—You Will Be Strong This Winter

Every house has a supply of fuel for winter. People know cold weather is coming. They get ready for it. How many people get their own bodies ready for winter? Most of us go around all summer in the intense heat burning up energy, working hard all day and sometimes lying awake nights sleepless in the heat.

Winter comes along. It catches many people totally unprepared physically. Few of us take stock of our health. Whether we will be well, healthy and strong, we often leave too much to chance.

But not everybody. Nowadays people are learning. They know this matter of enjoying good health is a thing they can help control. If you live right, eat right, get plenty of sleep, breathe fresh air and keep your blood in good condition, you will be all right.

It is so simple. If you feel a little off in health—perhaps worn out and pale—don't take chances. There's no need of it. Buy some Pepto-Mangan of your druggist. Begin taking it to-day. You can get it in liquid or tablet form. Tell your druggist which you prefer. But to be certain that you get the genuine hold a nail long enough to drive name — "Gude's Pepto-Mangan." Look for the name "Gude's" on the package. (adv)

Bermuda Islands Very English. Although a Spaniard's name distinguishes the group of islands, England speaks from most of the units composing the Bermudas; the Main Island, St. George, Paget, Smith, St. David, Cooper, Nonsuch, Watford, Ireland and Somerset being typical. The population shows steady growth. Its people wear with pride the distinction of being the oldest self-governing colony in the empire.

Most Crowded City. The most densely populated city in the world is not New York or London, Canton or Peking, but Bombay. In proportion to its population Bombay covers very little ground. Within each square kilometer of its area live no fewer than 190,000 human beings.

To Have That Old Battery Repaired
For the Winter or Replaced with a New

"EXIDE"

Maybe it "sang" all summer, but it will "die" this winter like the proverbial grasshopper unless you see that it's in No. 1 trim to stand the low temperatures without freezing

Now is the Time

To get free advice on the best methods of taking care of your battery summer and winter. Free battery inspection, free distilled water. Don't forget the water—you're not running on "DRY" cells; it's a storage battery, and it's "WET."

Now is the Time

To get detailed information on all means developed for winter storage of batteries. If you store your car for the winter you must store the battery also, or buy a new one in the Spring.

Now is the Time

To bring the "Exide" on your new car and have it registered at an authorized "Exide" Service Station to insure you the best service possible. We would call the especial attention of new Ford Car owners to this registration free.

HOTEL IS DECEASED

The Louisville Herald of Wednesday published the following item in its court news:

"Two alleged fraudulent checks, totaling \$48, were passed November 20, on Edward Tabler, manager of the Seventh Avenue Hotel, by a guest who registered under the name of W. A. Thomason. It was reported to police. The checks were drawn on the First National Bank of Paris, Ky. Thomason left the hotel several days ago. He was described as having a 'country' appearance."

Investigation developed the name of Mr. W. A. Thomason, of Paris, prominent stockman and Republican politician, had been forged to the checks. Mr. Thomason had not been in Louisville for some time. The police are making an effort to apprehend the forger.

MUST COUGH UP DIVIDENDS

Under the above caption the Flaming Times-Democrat, says, editorially:

"The Bourbon Oil and Development Company, one of the numerous speculative oil companies which sprang up like mushrooms all over the country some two or three years ago, in Paris, is now in the hands of a receiver, and the receiver is now calling on the stockholders who received dividends to pay back those dividends, as they were paid out of money derived from the sale of stock, and were not profits or earnings of the company. O. L. Bartlett, of Mayville, was one of the Vice Presidents of the company and made desperate efforts to get the Times-Democrat to advertise the stock and help him hoodwink our people, but we refused the business. The editor is from Missouri, and must be shown very plainly before he takes hold of a proposition of that sort."

IF YOU DON'T SEE WHAT YOU WANT, ASK FOR IT.

Advertisement in Augusta, Ky., Chronicle: "Do not forget that we have nice cool beer on tap. Hot sandwiches of all kinds, home cooked ham a specialty. A full line of candies and soft drinks. Come in and enjoy a nice, quiet game of pool. Also have your tonsorial work done in the most approved style. Your laundry work solicited. The place—Boudurant's, 343 Upper street."

The old woman who lived in a shoe couldn't solve the housing problem that way now, with leather at its present price.

PARIS MAN TREASURER OF TOBACCO ASSOCIATION

Quince Gatewood, of Paris, was chosen treasurer of the Burley Tobacco Growers' Association at the final organization meeting of the association, held in Lexington Tuesday.

Representatives of 48 Burley counties in three States met and elected 17 directors to serve until the first annual meeting in March. The officers chosen by the directors are: John W. Newman, Woodford county, president; C. M. Dean, Carroll county, and W. H. Shanks, Lincoln county, vice-presidents, and E. M. Mansfield, Carroll county, secretary.

President Newman will come to Paris next Monday to attend a meeting of Burley growers of Bourbon county, in the court house, for the purpose of perfecting the organization of a local section of the Burley Association.

Mr. Newman is former State Commissioner of Agriculture and a large tobacco grower. While in Paris he will confer with a number of growers relative to the Burley Association and speak at the Burley meeting in the court house.

REAL ESTATE TRANSACTIONS

The W. E. Allender farm of thirty-one acres, on the Nicholasville pike, three miles from Lexington, was sold at public sale Tuesday by the Anderson & Innes Real Estate Agency, of Lexington. The farm brought a total of \$19,250, an average of \$621 an acre. Possession will be given on March 1. The sale was advertised in THE BOURBON NEWS.

A. D. Ashcraft sold recently through the Paris Realty Co., his one-story frame cottage, at the corner of Tenth and Vine streets. The purchaser was W. D. Snapp, of Paris, who paid \$2,500 for the home. Mr. Snapp recently sold his home on High street to Jos. Williams. He will move to the new home about January 1.

MAYOR JANUARY WRITES OF ODD FELLOW HISTORY

Monday night, November 29, 75 years ago, there was instituted in this city, Bourbon Lodge, No. 23, I. O. O. F., by brothers W. W. Fothergill, Jas. T. Davis, Edward Myall, Jno. V. Lovely and Samuel Wilson.

Brother Jas. T. Davis was elected Treasurer and served continuously until 1863, when he was elected Vice Grand and continued in the chair one year, and then was reelected Treasurer to which he was successively re-elected until 1905, when he died. He served as Treasurer for 59 years, and to brother Davis must be given the credit for the success of Bourbon Lodge.

Bourbon Lodge has several other records for which we should feel highly honored. They have met every Monday and never yet to this day failed to have a quorum.

During this period there have been four wars in the United States, and Bourbon Lodge was represented in every one of them by one or more brothers, (Mexican, Civil, Spanish-American and World War.) During the Civil War (of 1861) the lodge continued to meet as before, and on account of danger met some times without any lights of any kind.

They have a brother, (brother Geo. W. Davis, a brother of brother Jas. T. Davis,) who was initiated in Bourbon Lodge, February 7, 1851, making him an Odd Fellow 69 years — we expect the oldest Odd Fellow in membership in Kentucky, if not the oldest man who is an Odd Fellow in Kentucky who is 94 years old, and today he wants the writer to come and tell him how the lodge is doing.

Bourbon Lodge is noted for its benevolence to the outside world. It has always been the first one to donate to the suffering, such as the Johnstown Flood, Chicago and Baltimore fires, Galveston Tidal, San Francisco earthquakes and fire, Dayton Ohio and Henderson (Ky.) floods, and other calamities that have happened in the United States in the last fifty or more years, and during the World War contributed to the Red Cross and all other calls and purchased more War Bonds than any other order in the city, and they have never yet sent any good cause away empty-handed.

As for her past toward the orphans and old folks homes; she has always subscribed more than any other lodge toward the maintenance and support of the Orphan Home; as for the Old Folks' Home it was one of her members who proposed the establishment of the Old Folks' Home and the resolution was offered by the representative from Bourbon Lodge, at Grand Lodge meeting, at Georgetown, 1907, and Bourbon Lodge gave \$500.00 as a starter for the home which was twice as much as any other lodge in the State gave, and, through its individual members, subscribed for same cause four times as much, or more than any other lodge in the State.

Bourbon Lodge always gives more to the children of the Orphan's Home for Thanksgiving and Christmas than any other lodge in the State.

For the drive for the first \$50,000.00, Bourbon Lodge was first to respond as going over the top, and in the \$500,000.00 Endowment Drive (while our quota was about \$5,920.) Bourbon Lodge through its individual members (not any from lodge funds) \$14,052.00, and we feel like we have subscribed a larger percentage of membership pledges than any other lodge in the state, while we rank seventh in the state regarding membership, and fourth as regarding the wealth. These records we should all feel proud of.

Bourbon Lodge always remembers her widows by nice remembrances every Christmas.

Now, brothers, while there are other records we could speak of, but we will stop and will try and do better in the future and live closer to the three cardinal principles of the order, Friendship, Love and Truth, and let us strive to make the world better to live in, and keep the banner of old Bourbon Lodge, No. 23, always unfurled and flying to the breezes, trying to do unto others as we would have them do unto us, and when the Grand Master above calls on us to answer the last summons then it may be said of us as Odd Fellows: "As you have been faithful over a few things I will make you ruler over many."

E. B. JANUARY.

HOUSEHOLD CARES

Tax The Women of Paris the Same As Elsewhere.

Hard to attend to household duties with a constantly aching back.

A woman should not have a bad back, and she seldom would if the kidneys were well.

Doan's Kidney Pills are endorsed by thousands. Ask your neighbor. Have been used in kidney trouble over 50 years.

Read what this Paris woman says: Mrs. J. R. Moore, 133 E. Eighth street, says: "I was in bad shape with my kidneys a year ago. My back nearly killed me with pain. There was a steady, dull ache just over my kidneys and I was weak and miserable. I often had to let my housework go undone and I would get so dizzy that black specks came before my eyes. My feet and ankles swelled, too. I doctored for a time but got no relief, so finally began to use Doan's Kidney Pills. My health was greatly improved in a short time and two boxes cured me. It is a pleasure for me to recommend Doan's Kidney Pills."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the name that Mrs. Moore had. Foster-Milburn Co., Buffalo, N. Y. (adv)

COUNTY TAX PAYMENTS

Tuesday being the last day for payment of county taxes before the December 1 penalty took effect, caused Sheriff Will G. McClintock and deputies to work overtime, waiting on those who desired to be in time.

Even on Wednesday after the penalty had been imposed, delinquents thronged the Sheriff's office, imploring a chance to square up without the extra penalty being imposed. The per cent of delinquents this year will probably not be as large as in former years, since property-owners generally were very prompt in making payment.

DO YOUR TRADING WITH HOME PEOPLE.

"Trade At Home," the slogan of the Paris Commercial Club, should find a ready response from people of Paris and Bourbon county. We have for years endeavored to impress upon our people the fact that home merchants carry just as good stocks and their prices are as reasonable as many of the larger and more pretentious towns. And our people have long known this to be a fact, too. Yet through some perversity hard to account for, many of them have spent their money in other towns, often money made from Paris labor and Paris capital.

"Trade At Home" and help the home merchant who needs his money in Paris. That's the proper spirit.

FORMER PARIS PASTOR PUBLISHED NOTED BOOK

Rev. J. J. Taylor, formerly pastor of the Paris Baptist church, has written a book, entitled "The God of War," which is attracting a great deal of attention from critics and book reviewers. It is, as its title suggests, appeals against offensive wars in the future.

Rev. Taylor is well-known here, where he was for many years in charge of the Paris Baptist church. He married Miss Annie Hinton, daughter of the late Mr. and Mrs. W. M. Hinton, of Paris. He was formerly connected with Georgetown College, and later was pastor of the Lexington Baptist church. He is at present pastor of the First Baptist church at Savannah, Georgia.

Proud of Armorial Bearings.

The early Dutch settlers of New York, who founded important families, were frequently aristocratic Hollanders who brought their coats-of-arms with them, as an integral part of their household goods. Such families as the Van Rensselaers, De Puysters, Beekmans, Schuylers and Stuyvesants had their arms beautifully engraved on the elaborate silver services which were among their proudest possessions.

A Palpable Hit, Sir.

A correspondent criticizes our recent remark that while a glass of buttermilk may be as nourishing as a half dozen oysters, you'll never find a pearl in a glass of buttermilk. "Humph!" he ejaculates. "I've found as many pearls in buttermilk as I ever have in oysters."—Boston Transcript.

CINCINNATI MAN PREDICTS HIGH TOBACCO PRICES

While all the country is wondering and speculating on the future of the local tobacco markets, and as to the probable price the weed will bring here, a Cincinnati man, Mr. P. H. Oehnan, of the Edison Phonograph Co., is very sanguine as to the result. Mr. Oehnan, in a letter to Dr. L. Oberdorfer, of Paris, local representative of the Edison people, says, in part:

"Cincinnati, Ohio, November 30, 1920.

"L. Oberdorfer, Paris, Ky.

"My Dear Mr. Oberdorfer: 'I have been getting such depressing reports as to conditions in the tobacco section, that I was amazed and immensely pleased to-day to learn that experts believe your local tobacco growers will get at least twice as much for this year's crop as they got for their tobacco last year. 'My informant is Mr. H. C. Crouse, representative of the United States Tobacco Journal. He has made an exhaustive study of conditions, and in the course of his investigation, has consulted with the best known experts, both growers and buyers.

"He told me to-day that while the dark grades marketed around Hopkinsville will undoubtedly sell at very low figures due to the present foreign exchange rates (most of this grade goes to Southern Europe) the Burley markets will handle one of the most valuable crops ever raised. Experts believe that about two hundred and twenty-five million pounds, or two-thirds of the entire crop, will be the highest grades of bright cigarette tobacco, the kind most in demand now. Tobacco of this grade averaged eighty cents to a dollar a pound last year, and in some instances reached the high level of dollar twenty-six cents.

"Last year only about twenty per cent. of the crop was of the best grade. This year it will run sixty to seventy per cent. of the crop. The Blue Grass farmer will probably market about three times as much good leaf as he did last year. In the hill country, the better grade will be almost five times last year's crop.

"How farmers can be pessimistic in the face of these facts is hard to understand. The present condition reminds me of the story of the farmer who was always kicking about the failure of some crop or other. One year, however, he had bumper crops of every sort. His city friend called his attention to his big crops and suggested that once at least he could not kick. The farmer's reply was that the big crops were hard on the soil.

"Yours Very Truly, 'P. H. OEHNAN."

Millions Trying.

"Millions of people," we quote from the motion-picture advertising, "can write stories and photoplays and don't know it." We have no wish to quarrel with the assertion. We merely suggest that those responsible for the motion pictures get hold of some of them, our contention being that those now writing for the motion-picture drama cannot do it.—Philadelphia Public Ledger.

Our "Fortunes."

What we call our fortunes, good or ill, are but the wise dealings and distributions of a wisdom higher, and a kindness greater than our own. I suppose that their meaning is we should learn, by all the uncertainties of our life, even the smallest, how to be brave and steady and temperate and hopeful, whatever comes, because we believe that behind it all there lies a purpose of good, and over it all there watches a providence of blessing.—Henry van Dyke.

Mesopotamia's Old Glories.

Nebuchadnezzar's vast irrigation system, which once watered all Babylonia, can still be easily traced for miles about Bagdad. One giant canal, the Narawan, runs parallel with the Tigris for nearly 300 miles; it is 350 feet wide, and all about it the takeoff and laterals may still be identified. Herodotus said he found a "forest of verdure from end to end" when he visited Mesopotamia.—National Geographic Society Bulletin.

The trouble with some Paris men is they spend too much time wondering how some other fellow makes a living.

THOUGHT HIS TIME HAD COME, HE SAYS

Springfield Man Says His Condition

Was Alarming Before He Begun Taking Tanlac.

"I have just finished my third bottle of Tanlac and have already been relieved of a condition that was getting to be alarming," declared A. J. Killis, a carpenter, living at 27 North William street, Springfield, Ohio, the other day.

"For two years previous more than four or five days at a time, I had no appetite and actually dreaded to eat, for even the little I managed to force down bloated me up with gas and made me sick at the stomach and so short of breath I sometimes thought my time had come. I had spells of dizziness and was so nervous at times I couldn't hold a nail long enough to drive it, and felt dull and languid all the time. During the winter of 1918 I was unable to hit a lick of work, and the following winter it was not much better.

"But it's a fact, I haven't had a touch of indigestion since I finished my first bottle of Tanlac. I have a corks big appetite and eat things I never dared touch before and everything agrees with me perfectly. My nerves are steady as a clock I feel fine all the time and never lose a day from work on account of sickness. Everybody I meet these days wants to know what has got me to looking so much better, and I am always more than glad to tell them Tanlac." Tanlac is sold in Paris at the People's Pharmacy. (adv)

New Fossil Beds Discovered.

What is pronounced by scientists as one of the most perfect fossil beds in the United States in respect to preservation, has been uncovered in the mountains near Kemmerer, Wyo. The fossils are those of fish bodies and represent more than a dozen distinct types, several of which, it is said, have been hitherto unknown to the scientific world. The entire bodies, in several cases, are intact, and the bones and tissues, usually obliterated, are clearly definable.

Drum With Harmonics.

Musicians find the drum an unsatisfactory instrument for lack of harmonic overtones. From India comes the description of a drum the parchment head of which is loaded with an adherent composition containing finely divided iron. Such composition lies in a central circle. Around the edge a second ring-shaped membrane is secured and the effect of the loading is to produce good harmonic overtones.

"Diamond Dyes" No Risk Then!

Don't Spoil or Streak Material in Dyes that Fade or Run

Each package of "Diamond Dyes" contains directions so simple that any woman can diamond-dye a new, rich, fadeless color into worn, shabby garments, draperies, coverings, wool, silk, linen, cotton or mixed goods.

Buy "Diamond Dyes"—no other kind—then perfect results are guaranteed even if you have never dyed before. Druggist has color cards. (adv-F)

Antique Cradle.

A cradle that rests from its labors though it is a fine cradle still, is one of the treasures carefully guarded in Plymouth, Mass. This was the cradle of Peregrine White, the first white child born in New England. Little Peregrine narrowly won this honor, for on the way over "Oceanus" Hopkins was born on the Mayflower.

MORE SMALL HOUSES PRESSING NEED HERE.

There is no need at present so great and should command greater attention than the need of housing facilities for the city of Paris. From reports it appears that it is almost impossible for families coming to Paris to secure homes to live in. Not only this, but boarding houses, rooming houses, and apartment houses are full up. Nearly every week we have callers who desire us to help them find a small house or several rooms. To all such the invariable answer is, "They are hard to find."

Why not some men of means in and around Paris form a building company and get busy with some real constructive building. There's one kind of "constructive work" Paris needs. Paris is only in the infancy of its real development, notwithstanding the fact that the city has grown beyond expectations in the past few years. Paris is now a railroad center, more so than it has ever been, and prospects are brighter for an increased population in the next two years. Our citizens should awake to the possibilities that confront us, and make plans for housing the people intending to make Paris their home in the future. Here is one activity that must be stressed by the Paris Commercial Club.

Rosy Cheeks & Satin Skin

Because of her rosy cheeks and satin skin a woman attracts the admiration of all men. When the young woman peers in her glass, she may see pimples and blotches and she immediately goes to the drug store for paint, powders and beauty creams, when she should go there for a blood medicine and stomach alternative known as "Golden Medical Discovery." This vegetable tonic and blood alterative clears the skin, beautifies it, increases the blood supply and the circulation, while pimples, boils and eruptions vanish quickly. Ask your nearest druggist for Dr. Pierce's Golden Medical Discovery in tablet or liquid form or send 10c. for trial package of tablets to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y.

Not Greatly Interested.
Margaret had accompanied the family to the movies more often than to church. One morning her parents took her to church, and she found it rather dull. Toward the end of the service she looked up sleepily, and in a voice perfectly audible all over the church she called out: "Papa, is this the last reel?"

SQUATTERS IN AUSTRIAN PARK

Take Possession of Meadows Where Royal Stag and Bear Once Fattened.

Vienna.—Squatters have taken possession of the famous Lainz-Tiergarten on the outskirts of Vienna, and where once the royal stags and wild boars fattened on rich meadows and under splendid oaks, huts are being erected and ground broken for crops. Some months ago a group of men, mostly war invalids, formally demanded this park from the government, giving notice that if their demands were not met within a certain period they would take possession. The demand was ignored by the authorities, so when the period expired several hundred men marched quietly to the entrance and demanded admission. The keepers swung open the gates and the men entered and staked out their claims, placing a model hut in one of the open grassed spaces as a symbol of possession. It is said 1,700 families will take up claims.

Pennsylvania's Largest Tree Is 125 Feet High

Harrisburg, Pa.—What is believed to be the biggest tree in Pennsylvania has been discovered by state forestry department officials on the farm of John Early, near Linglestown, Dauphin county. It is a giant sycamore, which was planted 125 years ago to commemorate the burial place of John Goodway, an Indian chief. The tree is 125 feet high and has a spread of 135 feet. It is 25 feet in circumference and 7 feet in diameter, and is still in a good state of preservation.

United States' Bad Lands.

This is the translation of "Mauvais Terres," the term used by the French-Canadian trappers to describe these regions of unconsolidated rocks that have been extensively eroded. Bad lands occur on arid plateaus formed by horizontal strata of loosely cemented sands and gravels. The best examples of such regions are found in the upper portion of the Missouri drainage basin, in the vicinity of the Black hills. Some are to be found also in Colorado, Arizona, New Mexico and Texas.

QUEER COUNTERFEIT APPEARS

Secret Service Operatives Discover a \$5 Gold Piece Which Contains \$40 Worth of Platinum.

Washington.—A queer old counterfeit of a \$5 gold piece was turned up by the treasury secret service which is worth eight times the value of the coin it is supposed to represent. It is made of platinum. The counterfeit \$5 pieces were made years ago and bear the date 1880. Several years ago some of these spurious coins were discovered by the action of a wealthy family in Maine, when he turned out the contents of a strong box that had long been the repository of family heirlooms. The coins were sent to the Treasury department, when their counterfeit nature was discovered and the whole lot was confiscated. Secret service officials are at a loss to know how the latest specimen captured got into circulation.

Blase California Ducks Lose Fear of Airplane

Yuba City.—R. V. Olds and A. H. Tregoning, both former A. E. F. flyers, now in the employ of the Sutter Basin company with a contract to keep ducks and geese off the 7,500 acres of rice, say ducks have come in by thousands in the last few days. As soon as they frightened the ducks away from one part of the field with their airplane, another flock alights on the opposite side. "The ducks are becoming accustomed to seeing the machine," said Olds, "and it won't be long before even an airplane engine cannot frighten them."

Stole Preacher's Clothes.

Dalton, Ga.—A Chattanooga colored minister recently came here to conduct a revival meeting. He got away with it in fine shape and finally the big baptism was scheduled to take place in Bear creek. The preacher, after reaching the scene, modestly repaired to the thick bushes and disrobed, donning his baptismal robes and entering the creek. After the baptizing he ventured to the bushes and found while he had been engaged in the Lord's work some one had stolen his clothes and he had to return to Dalton in his wet garments.

At Greenland ranch, in Death valley, California, the air temperature, as recorded by a tested maximum thermometer exposed in a standard instrument shelter, rose to 100 degrees or higher on 23 days during June, and on every day during July, 1920. The extreme maximum was 125 degrees, recorded on the last day of July. On July 10, 1913, the temperature there reached 134 degrees Fahrenheit, the highest officially recorded air temperature in the world.—From the Bulletin, American Meteorological Society.

DEATHS.

SNELL.

William B. Snell, aged sixty-two, a former Bourbon county farmer, died Wednesday afternoon in the Good Samaritan Hospital, in Lexington, after an illness of several weeks' duration. Mr. Snell was for many years engaged in farming in Bourbon county, and was well-known here.

Mr. Snell is survived by three daughters, Mrs. Wm. Wallingford, of Louisville, Mrs. Chester Corbin and Miss Mary Snell, of Lexington, and two sons, Harold W. Snell, of Paris, and Victor Snell, of Georgetown.

The funeral will be held at the home of his daughter, Mrs. Chester Corbin, at 45 Mentelle Park, in Lexington, at ten o'clock this (Friday) morning, with services conducted by Rev. Mark Collins. The interment will follow in the Lexington Cemetery. The pall-bearers will be Charles Snell, Henry Snell, Ira Wallingford, Arthur Lawless, Canby Nutter and Roy Turner.

RELIGIOUS.

—The Christian Endeavor of the Presbyterian church will meet Sunday at 6:30 p. m. Subject, "Progressive Living." Leader, Miss Lula Lytle.

—The Male Chorus of the Christian church will give their regular monthly song service at the church Sunday night. They have prepared a fine program, which should insure the attendance of a large audience.

—The drive by the Christian church Bible School, inaugurated last Sunday for the purpose of raising \$600 for home missions realized the sum of \$572. It is hoped the remainder will be raised before Sunday, so the entire sum can be sent off Monday morning.

Rev. Arthur Fox, pastor of the Paris Baptist church, recently celebrated the first anniversary of his pastorate here. In the year just closed there has been a total of 159 additions to the Paris congregation. Improvements valued at \$3,000 have been made on the premises during the year.

—The session of the Presbyterian church is trying to bring to Paris during the winter months several interesting speakers to speak on various phases of the work of the Presbyterian church. The first of these speakers will be here for two speeches Sunday, December 12. The church is fortunate in securing the services of Rev. T. B. Grafton, one of the missionaries to China, of the Southern Presbyterian church. Mr. Grafton is at home on furlough, and is making his headquarters in Louisville, from where he will come to deliver his message in the Presbyterian church. His coming will provide a treat for the people of the church and community.

At the Methodist church next Sunday the day's program will open with the meeting of the Sunday school at 9:30 a. m. At 10:45 a. m. the pastor, Rev. C. H. Greer, will preach especially to the children, but it will be profitable for adults, also. He hopes all the children will arrange to remain at church that morning. The Official Board will meet at 3:00 p. m. the Epworth League at 6:15 p. m., and at 7:00 p. m. the pastor will preach on "Is the Young Man Safe." All who are interested in the welfare of young men are invited to be present. If there are any of any other kind they will receive a "warm" welcome.

PRESBYTERIAN CHURCH

—The first Sunday in December is the first anniversary of the coming of Rev. T. S. Smylie to be the pastor of the Presbyterian church of Paris. The services Sunday morning will be an anniversary service. Special music has been arranged for the evening service. All of those who have united with the church during the past twelve months are urged to be present at the morning service. All members of the church are urged to attend both the morning and the evening services. The public is cordially invited. The following program will be rendered at the evening service:

Prelude.
Hymn.
Invocation.
Anthem, "The Lord is Exalted" (West).—Mr. Harbeson, Mrs. Fithian, Miss Hill, Mr. Mitchell.
Scripture Reading.
Prayer.

POSTAL EMPLOYEES TAKE SUCCESSFUL EXAMINATION

An efficiency test and examination conducted at the Paris postoffice Tuesday by Fred A. Richards, Assistant Clerk in the Cincinnati postoffice, demonstrated the fitness of the Paris employees for their jobs. All the clerks took the test, making excellent records. None fell below 98 out of a possible 100 mark, and were congratulated by Mr. Richards on their final showing.

P. J. McCord attained the perfect average of 100, he handling correctly 1,075 cards of that many post-offices. This is the fifth examination of this kind taken by Mr. McCord, in three of which he attained the 100 mark, and in the remainder securing a mark of better than 99. In 1916 he handled correctly 1,156 cards, with a percentage of 100; in 1917, 1,025, percentage 99.9; in 1918, 1,084, percentage 99.9; in 1919, 931, percentage 100; in 1920, 1,075, percentage 100. In the last test the 1,075 cards were correctly handled in thirty-three minutes.

MATRIMONIAL.

The following announcements have been issued: "Mr. Lee Marshall, McMillan, Mrs. Maggie Pearl Laughlin, Married, Tuesday, Nov. twenty-third, nineteen hundred and twenty, Paris, Kentucky." At Home after December first, 1920, 347 Second Street, Paris, Ky."

The engagement of Mrs. Mary Moore McShane, of Paris, and Mr. Thos. Collier, of Cynthiana, was announced Tuesday afternoon at a party given at the home of Mr. and Mrs. Rudolph Davis, on East Seventh street. No date has been given for the wedding, but it will be an event of the present month. Mrs. McShane is the widow of C. E. McShane, who was in business in Paris for several years. She is a native of Bourbon county, and for some years past has been in charge of the Y. M. C. A. Cafe, in which she has been very successful. She is a sister of Mrs. John Lair, of near Paris. Mr. Collier is a prosperous young farmer,

who recently moved to Bourbon county, from Cynthiana. He is a son of Judge R. M. Collier, of Cynthiana, and a young man of excellent traits. The good wishes of a host of friends are extended to them in advance of the happy event.

HOLTZCLAW—TINDER

The marriage of Rev. Frank M. Tindler, Jr., and Miss Lissa Holtzclaw, both of Stanford, took place at the home of the bride, in that city, on November 24. The ceremony was performed by Rev. Frank M. Tindler, of North Middletown, father of the groom, using the ring ceremony.

The groom has for some time been pastor of the Hubble church, in Garrard county, but was lately elected a member of the Stanford High School faculty. This position he will give up soon to take charge of the church at Kirksville. His parents reside at North Middletown, where his father is pastor of the North Middletown Christian church. The bride is a charming young woman, the daughter of Mrs. Anna Bailey, of Stanford, lovely of face and disposition, and has endeared herself to a host of friends.

Y. M. C. A. NOTES

The Y. M. C. A. budget campaign supper will be held in the Y gymnasium to-night at six o'clock. Workers who will assist the directors in the campaign will be present. In addition, the wives of the directors have been invited. Mrs. Thompson H. Tarr, assisted by a number of prominent women of the city and county, will be in charge of arrangements, and will supervise serving of the supper. The committee on organization of the campaign is composed of Will G. McClintock, Pearce Paton and M. Peale Collier.

"NOTHING BUT THE BEST"—THAT'S OUR MOTTO.

We buy nothing but the best for our trade. Paris people won't have anything else, at least they don't want it. That's why our store is always crowded. It will be more so during the holidays. If you want to be pleased with your Christmas goods and have something exceptionally good let us fill your order.
